

1 - Assemble Main Roof Front, Back, Sides, Top AND Tower Roof Sides and Top. Set aside to harden.

2 - Assemble Right Wall, Back Wall, Front Wall, and Left Wall.

3 - Assemble Tower Front Door pieces to the center of the Front Wall.

4 - Carefully attach the hardened Main Roof to the top of the hardened four walls.

5 - Assemble the 4 Tower Top Walls above the Front Door.

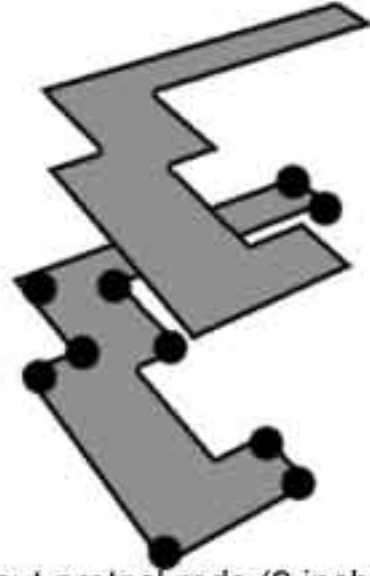

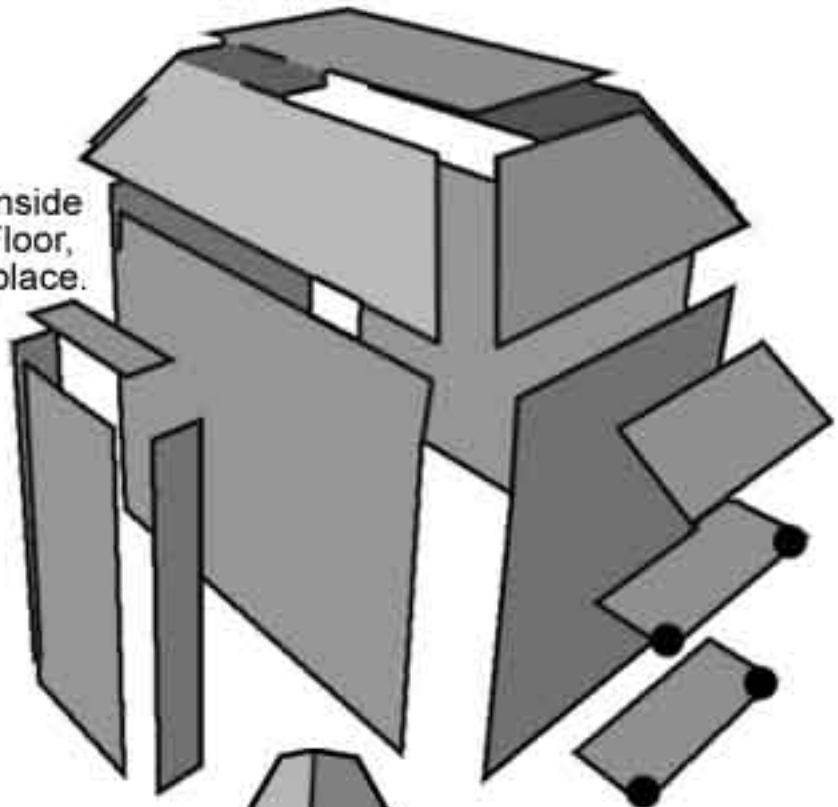

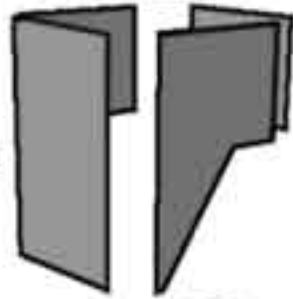

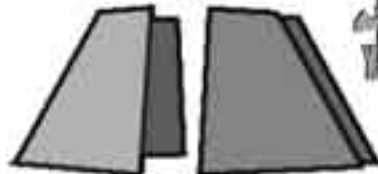

6 - Attach Tower Roof to top of Tower Top Walls.

7 - Attach sugar wafers around the inside bottom edge of the Front Porch Floor, and Side Porch Floor. Attach in place.

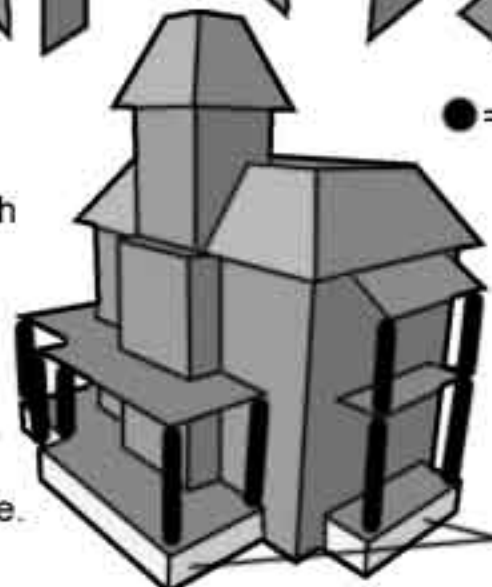

8 - Place cut pretzel rods (2 inches) at each corner of the porch floors.

9 - Attach Front Porch Roof, and Side Porch Floor.

10 - Place cut pretzel rods (2 inches) at the corners of the Side Porch Floor, and attach Side Porch Roof at a slight angle.
